

Long Valley Raiders Football Association

2010 Football Coach Questionnaire

LVRFA is in the process of selecting coaches for the 2010 football season. We would like to thank you for volunteering to work with the children in our football program. Without volunteers like you, our program, and the children who look forward to playing, would not have the success that we have shared in past years.

We are asking all potential head and assistant coaches to fill out this coaching questionnaire. Responses will be used in selecting the coaches for the upcoming season.

We look upon our coaches as teachers and the goal of the Long Valley Raider's Football Association is to teach football to all of our players. Therefore, we have an obligation to start the teaching process by giving our coaches the necessary information that will help them be good teachers, not just of football, but of fair play and sportsmanship. This will only strengthen our organization by providing an enjoyable learning experience that will encourage the players to return each year to expand on their football experience.

To that end, the LVRFA is again offering coaching clinics in conjunction with the Wolfpack Football Program and/or other professional programs for all coaches (head and assistant). More information regarding these clinics will be available in the near future. **Attendance at coaching clinics is part of the criteria that will be used in the coach selection process.** We are **STRONGLY** encouraging **ALL** coaches to attend the clinics for the level you will be coaching this season.

Thank you for taking the time to fill out the attached questionnaire. The LVRFA is confident that this process will only help our program improve in the quality we are striving to pass on to the children. The benefits will be seen during the season and in the years to follow.

Name: _____
